Mongo DB

🧠 SOFT SKILLS

Time Management

Problem solving

Collaboration

Communication

🔑 INTERESTS

• Visual Podcast Viewer

A learner who is looking forward to working in the IT world, Enthusiastic to learn new Technology, wants to learn the industry experience, and gain new skills & technologies with at most dedication for organizational and personal growth.

📁 PROJECTS

1. Travelious

A Full Stack travel booking website

GitHub 📄 **Deployed Link** 📄

A collaborative project was built with a team of 5 members in 7 days.

Tech Stack: Node js | Express | MongoDB | React | Routing | Redux | Chakra-UI

Features: Login & Signup, Book and Update Tour, Payment, Booking History

Area of Responsibility: Build Tour API along with sort and filter functionality and worked on connecting the frontend with the backend. I also contributed to the creation of the profile page having user booking history, tour detail page, and navbar

2. Medium Clone

MERN stack project for creating and sharing blogs

GitHub 📄 **Deployed Link** 📄

I developed a Medium clone using the MERN stack.

Demonstrating my skills in web development and full-stack programming.

Tech Stack: React | Redux | JavaScript | NodeJs | Express | Mongo DB

Features: Login & Signup, Create Update Delete Blog, Profile Page

Area of Responsibility: Personal MERN stack project, an individual effort

3. Myntra Clone

Clone of Myntra.com an ecommerce website.

GitHub 📄 **Deployed Link** 📄

A collaborative project was built with a team of 5 members in 7 days.

Tech Stack : HTML | CSS | JavaScript | DOM | LocalStorage

Features: Login & Signup, Product Page(Men's T-shirt), Wishlist and Cart Page, Payment Page

Area of Responsibility: Developed the product page (Men's T-shirt), product's static pages, cart page, and wishlist page.

4. Glossier Clone

An e-commerce site for women's beauty products

GitHub 📄 **Deployed Link** 📄

We developed this project in 7 days with a team of 4 members.

Tech Stack: HTML | CSS | Javascript | JSON-Server | API

Features: Login & Signup, Product page, Cart Page, and Payment Page

Area of Responsibility: Developed the admin page, product page, cart page, and navigation bar
