MongoDB | Git | RESTful APIs

## **SOFT SKILLS**

Effective Communication |
Problem Solving | Teamwork |
Time Management | Adaptability

### **INTERESTS**

- Stock market
- Cricket

## **CERTIFICATIONS**

- Java Skills Certification
- Full Stack Web Development

## Vikas Chaturvedi

## **Full Stack Web Developer**

### **PROFESSIONAL SUMMARY**

Proficient in Full Stack MERN development, skilled at crafting responsive web applications. Well-versed in RESTful APIs, database management, and version control systems. Demonstrates robust problem-solving abilities, eager to contribute expertise to innovative, collaborative projects for scalable web solutions.

#### **PROJECTS**

# 1. Auto Parts | # | # | Table | | HTML5 | CSS3 | JavaScript | DOM | json-server | Firebase | Razorpay

- Developed a full-stack web application for an online auto parts store.
- Implemented a user-friendly frontend using JavaScript, HTML, CSS etc.
- Ensured seamless integration between the frontend and backend components of the application.
- Engineered a seamless shopping experience allowing users to browse, select, and purchase automotive parts using Razorpay for secure transactions.
- Integrated secure login functionalities to ensure a personalized user experience and data security.

## 2. Bluefly | # | @

## HTML | CSS | JAVASCRIPT | BOOTSTRAP

- Developed an E-commerce application named Bluefly.
- Created a user-friendly interface with features such as adding items to the cart, product search, secure payment processing, coupon application, pagination, and user login functionality.
- Collaborated with a team of 5 members to complete the project within a 5-day timeframe.
- Implemented a user-friendly frontend using JavaScript, HTML, CSS etc.
